

Signy Svalastoga on Diploma Unit 10 in Japan:

An Architecture of Relationships

Signy Svalastoga

An Architecture of Relationships is a Cass Unit 10 collaboration with Miyagi University and Higashimatsushima City Council, Japan (2013-16). Starting from a concrete situation of urbanity, Unit 10 stresses the use of a combination of research, thinking, material experimentation and making, and creative practice to propose strategic interventions that span extremes of scale, from the immediate and personal, to the collective and geographical. This presentation by Unit 10 leader and Head of School of Architecture Signy Svalastoga, is a reflection on the particular pedagogy that Signy has developed with colleagues in Unit 10.
