

Fairtrade Steering Group

A Fairtrade Steering Group is established with representatives from the student body, University staff, and catering or procurement department.

The purpose of the group is to drive forward and maintain Fairtrade University status.

The University Fairtrade Steering Group meet at least three times per year to monitor and report improvements during The Environment Sustainability Management Team (ESMT) meetings to ensure implementation and review of the policy, campaigns, merchandise and produce.

Name	Role at the University	Steering Group Role	Contact
