

LONDON  
METROPOLITAN  
UNIVERSITY

# Undergraduate Course Guide 2024/25

# Welcome

From our Vice-Chancellor

Named as one of London's most influential people in the Evening Standard's Progress 1000 list for her contribution to advancing social equality is our very own Vice-Chancellor Lynn Dobbs. Her vision for London Met? To give more back to our city by focusing on real-world problems and striving for social inclusion, equality and diversity to ensure equal opportunities for all.

**Lots of universities talk the talk about social justice but it isn't just what's said at London Met – it's what's believed and what happens here.** The commitment to the students who haven't reached their full potential at school or want to come back into education is massive. London Met is underpinned by a commitment to social justice that makes me feel really emotional and that really is what stands out.

**Our students rate the quality of our teaching among the best in the country.** We have a clear plan to improve every aspect of our students' experience. Our consistently excellent results in independent national surveys show that we're on the right track, but we still have more we want to do.

**Our strategy is about giving back to our city** by supporting our students, powering the labour market and tackling disadvantage and inequality in Islington, Hackney, Tower Hamlets and beyond. It's a unique privilege to be able to lead an institution and know that you can make a huge difference to the lives and communities that the University serves.

**We're creating a better, greener, campus.** We're spending more than £150 million to create vibrant campuses with cutting-edge facilities to providing our students with the best possible learning experience. Sustainability is a huge part of our strategy, and we've made a commitment to becoming a carbon net-zero University by 2030 and have already passed several key milestones on that journey.

**We've placed equality and social justice at the heart of everything we do.** A key focus will be on tackling the Black, Asian and Minority Ethnic (BAME) gaps in terms of continuation, achievement and progression into employment. We are going to eradicate the gaps or die trying.

**Studying is hard but has the potential to transform your life.** Higher education transformed mine. Just do a subject that you love – get on the path, keep going and don't look back.

Read more about  
Diini's story

# Why London Met?

Whatever you want to do, we're here to take you – and help you – on that journey.

We're investing  
**£180m**

in our buildings and infrastructure over the next 10 years to give you the best possible learning environment.

We couldn't be better situated – we're based in one of the world's most diverse and exciting capital cities, brimming with successful global businesses and cutting-edge start-ups.

**London is ranked the best city in the world for university students**

(QS Best Student Cities Ranking 2023).

**Our alumni include:**

Mayor of London **Sadiq Khan** / comedian **Vic Reeves** / singer **Sinead O'Connor** / designer **Yinka Ilori** / Cobra Beer founder **Lord Bilimoria**

We're home to a hugely diverse community with students from more than

**150**

different nationalities.

**Accelerator**

**£25,000,000**

**ANNUAL REVENUE**

Our business incubator **Accelerator** supports companies that have generated a combined revenue of **£25 million** in a single year.

Many of our graduates are working for top employers, including Arsenal Football Club, Bank of England, BBC, Ernst & Young, Google, GlaxoSmithKline, Ministry of Justice, Tesla Motors and the United Nations.

**“Some of my fondest memories, as someone who was born and raised in London, date back to my years as a student at the University of North London, now known as London Metropolitan University.”**

**Sadiq Khan** – Law LLB graduate and elected Mayor of London in 2016

# Guildhall School of Business and Law

Future  
Leaders event

# Courses

Our practice-focused and intellectually stimulating business, management, law, accounting, economics and languages courses will equip you with the knowledge and capabilities required to accelerate your professional career. We also have specialist programmes for those who want to pursue careers in the aviation, banking, events, fashion, music and tourism industries.

## Acquire the skills for a successful career.

Our graduates have gone on to work for organisations such as Adidas, Asos, Deloitte UK, J.P. Morgan, London City Hall, the Serious Fraud Office, The Coca-Cola Company, Google, TikTok, Thomson Reuters, the Law Society, Tesla, PricewaterhouseCoopers, Selfridges and the Ministry of Justice.

**Gain professional accreditation.** Many of our courses are accredited by leading professional bodies, including the Association of Chartered Certified Accountants, the Chartered Institute of Management Accountants, the Chartered Institute of Marketing, the Chartered Management Institute, the Tourism Management Institute, the Chartered Institute of Linguists, the Bar Standards Board and the Solicitors Regulation Authority.

**Learn a language through our Open Language Programme.** Our language courses can be taken either as part of your course or as an additional short course, giving you an edge in communicating with overseas clients, suppliers and buyers.

All of our courses are available to start in September and some are also available to start in January. Most courses are available to study either full-time or part-time.

③ **Traditional three-year degree** (when studied full-time)

② **Distance learning**

② **Available with foundation year**

Our degrees with a foundation year offer a route into degree-level study if you don't meet the entry requirements for a standard undergraduate degree. Please see our disclaimer on page 44 for further information.

① **Available as a top-up degree**

If you already have a foundation degree, Higher National Diploma or equivalent qualification, a top-up degree allows you to upgrade to a full undergraduate degree. Top-up degrees are also ideal if you're interested in studying your final year in London.

\*This course is only available via distance learning.

# School of Art, Architecture and Design

# Courses

With the direction of award-winning practitioners and access to inspiring studios, you'll be studying at an art school that's produced Turner and Stirling Prize winners, Young Architect of the Year winners and creatives named as some of the most influential across the globe.

**Learn from world-class professionals** such as Patrick Brill OBE (Bob and Roberta Smith), Angharad Lewis, former Editor of *Grafik Magazine*, Jerwood Applied Arts winner Simone ten Hoppel and Professor Peter St John (RIBA Stirling Prize 2016).

**Gain a wealth of industry experience** as you engage with professionals, communities and companies, and have the opportunity to work on live client projects happening both locally and across the world – our students have worked on projects in Japan, Greece, Russia, Italy and China.

**Benefit from outstanding facilities** and find success alongside our previous graduates. We provide inspiring studio spaces and workshops where you can innovate and create. From RIBA Presidents Medals to RSA Design Awards, our students and alumni have won them all.

**Graduate Yinka Ilori (who studied product and furniture design)** was recently named one of the 12 artists shaping the world in the *New York Times Style Magazine*. His vibrant installations include Filtered Rays in Berlin, Canary Wharf's first basketball court and Colour Palace at the Dulwich Picture Gallery. Yinka specialises in upcycling vintage furniture, inspired by the traditional Nigerian parables and African fabrics that surrounded him as a child.

show 2022

# Courses

We offer cutting-edge academic and professional qualifications in subjects including computer science, cybersecurity, data science, digital forensics, digital media, electronics, film, games, journalism, mathematics, music production and networking.

**Develop as a graduate** with the expertise sought by industry, the ability to lead and a strong ethical dimension to your professional practice.

**Be inspired by our first-rate lecturers and facilities.** Teaching is delivered by a team of highly qualified lecturers with a wealth of industry experience. We have dedicated film, TV and radio studios, a security lab in our Cyber Security Research Centre and one of the most advanced Cisco and Palo Alto labs in London. Many of our courses are accredited by professional bodies, including BCS, The Chartered Institute for IT, The Institution of Engineering and Technology and The Institute of Mathematics and its Applications.

**Meet our experts.** In addition to the University's own team of experienced academics, you'll have access to a diverse range of expert guest speakers – in the past we've welcomed industry professionals from Apple, Cisco, the BBC, the Guardian, Microsoft, Pinewood Studios and O2.

**Prepare for a successful career.** Our excellent careers provision and links with industry results in our graduates going on to have successful careers as journalists, musicians, user experience specialists, social media policy makers, game programmers and animators, graphic designers, network and software engineers, film makers, data scientists and analysts. We also support our students to set up their own businesses through our internationally recognised start-up incubator Accelerator.

# School of Human Sciences

## Courses

London Met is home to one of the largest and most advanced science teaching labs in Europe, making it the ideal place to study a degree in science.

**Access to exceptional facilities.** One of our greatest assets is a £30 million Science Centre, which features a superlab with more than 280 workstations. Students studying sport-related subjects can benefit from London Met's sports therapy clinic and fitness assessment centre, both of which are found within this impressive facility.

**Gain professional accreditation.** Many of our human sciences courses are accredited by professional bodies. These include the Association for Nutrition, British Dietetic Association, Institute of Biomedical Science, Institute of Food Science and Technology, Royal Society of Chemistry and Society of Sports Therapists.

**Build a successful career.** Our graduates have gone on to work for employers such as the NHS, The Nutrition Society, Public Health England, Arsenal and Chelsea Football Clubs, and GlaxoSmithKline.

**“The academic staff who run the Chemistry BSc course have always supported my interests and career development. Whenever I needed a reference or advice they were available to help.”**

**Berivan Esen** – Chemistry BSc graduate who won an internship with NASA before going on to be recognised internationally for her research into life on Mars

\*Subject to validation.

# School of Social Sciences and Professions

## Courses

London Met is home to a vibrant academic community covering subjects including criminology, education, policing, politics, psychology, sociology and international relations. We aim to demonstrate the relevance and usefulness of social science as a tool for effecting change in society.

**It's an exciting time to be a part of social work at London Met.** We work across London with the majority of the 33 local authorities.

**Pave the way for a successful career.** Our graduates have gone on to forge successful careers in organisations including the European Union, the United Nations, the Metropolitan Police, the civil service, local authorities, the voluntary sector, housing associations and the NHS.

**Learn from world-class lecturers.** Our lecturers contribute to real-world issues on a local, national and global scale. They are experienced probation service professionals, teachers, senior police officers and world-leading researchers on feminist theory. In addition to our own academic experts, leading thinkers including diplomats, politicians, industry professionals and psychologist practitioners regularly contribute to a lively schedule of events.

**Gain professional accreditation.** Many of our courses are accredited by professional bodies, including the British Psychological Society and the Chartered Institute of Housing.

**“It opens the door to several career paths, and even if someone doesn’t pursue a career in psychology, the knowledge gained in the field is invaluable.”**

Psychology BSc alumna **Hind Sara Bechari Martin** graduated with first-class honours and received the Tom Walsh Prize for the best thesis from London Met in 2018. She is now a psychological wellbeing practitioner at West London NHS Trust.

# School of the Built Environment

# Courses

Our new School of the Built Environment will focus on the design, planning, financing, construction, sale and operation of places within which we live, work, travel and play.

**Collaborating with leading businesses, practitioners and professional bodies within the property and construction sectors,** we plan to offer courses that prepare our students for successful careers in construction, surveying and real estate.

**We're currently developing our courses in this area** so be sure to check our website for the latest course updates.

**“This is a unique opportunity for a new school to offer courses which prioritise our students' individual learner experience and their future career within the property and construction industry.”**

**Sean Flynn** is Head of the School of the Built Environment and has a wealth of experience in the construction, renewable and power industries.

Architectural Technology BSc (Hons)	③
Construction Management BSc (Hons)	③
Quantity Surveying and Commercial Management BSc (Hons)	③
Real Estate BSc (Hons)	③

**The need for expert project and financial management of construction projects is a priority** for every organisation operating, developing and owning built environment assets across the globe.

**You will engage in authentic learning and assessment on real-world projects,** working with established national and international organisations operating within the global construction and real estate sector.

**You will visit live projects** to experience first-hand the challenges, excitement and opportunities that a career in construction management and quantity surveying can offer.

**Our courses will embrace the latest project and financial management techniques and mobilise the latest technologies within real-life project scenarios.** This will ensure your learning experience is one that helps you become a highly employable built environment professional, leading ethical and sustainable project delivery within a sustainable, low-carbon built environment.

All of our courses are available to start in September and some are also available to start in January. Most courses are available to study either full-time or part-time.

③ **Traditional three-year degree** (when studied full-time)

# Our

We have two campuses – one on the bustling Holloway Road in Islington, north London, and the other in Aldgate, east London, home to our art, architecture and design courses.

# campuses

## **Opposite**

The Clocktower entrance on Holloway Road

## **Right**

## **Below**

Calcutta House

## **Aldgate**

**Home to our School of Art, Architecture and Design, our Aldgate campus in east London is in one of the most exciting parts of the city. Neighbours include the Whitechapel Gallery, Petticoat Lane, and Spitalfields and Columbia Road markets.**

## Holloway

With Upper Street and Highbury Fields a stone's throw away, our students can soak up the lively and creative atmosphere Islington has to offer.

## Visit us

Joining us either in person or online for one of our open events is an excellent way to:

- discover where you'll be studying
- meet staff and students
- have questions about your course answered
- find out about our support services
- get information about fees and funding
- attend subject taster sessions or interactive workshops
- network with like-minded individuals

[londonmet.ac.uk/opendays](https://londonmet.ac.uk/opendays)

## Campus tours

Take one of our campus tours to see our outstanding facilities – from our £30 million Science Centre and cutting-edge newsroom to our state-of-the-art IT suites and classrooms.

[londonmet.ac.uk/campustours](https://londonmet.ac.uk/campustours)

## International events

We visit countries all over the world to spread the word about London Met. If you're from outside the UK, you can check our international pages to see where we're visiting next. You can also book a session to talk to our international team, wherever you are in the world.

[londonmet.ac.uk/international](https://londonmet.ac.uk/international)

# London

life

**London is home to top organisations in every sector – from finance and legal to architecture and the creative arts. You name it, you'll find an organisation in the capital to match your interests and aspirations, whether it's a small thriving tech start-up or a global giant such as Google or the BBC.**

Get swept up in the buzz around **London Fashion Week** with displays from top British designers and see exciting design innovation at South Kensington's **Design Museum** and the **London Design Festival**, the latter of which has featured work by graduates from our School of Art, Architecture and Design in recent years.

As one of the great theatre capitals of the world, London has plenty on offer to entertain you throughout the year – the **Almeida Theatre** is down the road off Upper Street, and the theatres in the **West End** and on the **South Bank** are just a short Tube ride away from both our campuses.

More than 250 festivals take place in London every year including the largest free festival, the Mayor's Thames Festival, and Europe's biggest street festival, the **Notting Hill Carnival**, which attracts close to one million people.

Whether it's cricket at **The Oval**, **Twickenham's** rugby, football at **Wembley** or the world's oldest tennis tournament, **Wimbledon**, there's live sporting action for everyone to enjoy across the capital. **Arsenal Football Club** is a stone's throw away from our Tower Building, and on match days fans transform the neighbouring streets into a sea of red shirts, scarves and singing.

**London is one of the most exciting, vibrant, cosmopolitan cities in the world. It's a place to explore, socialise and have fun, but it's also a city where you can excel, progress and make huge strides forward in your career.**

**The British Library** is just a short journey from our Islington home and, with more than 150 million items, you'll never run out of new fascinating facts and items to discover, including the Magna Carta and manuscripts of lyrics by The Beatles.

If digital is your thing, **Silicon Roundabout** is fast becoming Europe's answer to Silicon Valley – based in the area around Hoxton, Old Street and Shoreditch, where our own business incubator Accelerator is based.

At London Met you're within easy reach of all major transport hubs, from trains to explore the UK at weekends, to London's many airports. International students can easily get home to visit their friends and family but there's nothing to stop anyone taking advantage of a cheap flight to Europe. The **Eurostar** just down the road in St Pancras will also get you to Paris, Brussels or Amsterdam in a matter of hours.

# Facilities

By coming to London Met you're investing in your future. In return, we're investing in our facilities and services to ensure it's the best investment you'll ever make.

# and services

Our Holloway campus houses The Rocket, our student venue. It hosts a full programme of club nights, comedy, live music, open-mic nights, pub quizzes, karaoke and themed parties to name a few.

And of course, it's the main spot for our student society events throughout the year.

 @LondonMetEvents  
 @LondonMet\_Events

The Science Centre at our Holloway campus is home to our Superlab, one of the largest and most advanced science teaching facilities in Europe.

## The Special Collections

The University's Special Collections – located within the Wash Houses at our Aldgate campus – are a unique resource, offering a wide range of valuable primary source material in support of your studies.

### The principal collections are:

The Archive of the Irish in Britain

The Frederick Parker Collection and Archive

The Trades Union Congress (TUC) Library Collections

The University Archive

For further information about library facilities and services, visit

[londonmet.ac.uk/library](http://londonmet.ac.uk/library)

## Libraries and study areas

Our libraries provide a wide range of information and resources, as well as silent learning areas, group study rooms and comfy informal spaces where you can meet and study collaboratively. There are computers as well as printing and copying facilities.

To save you time, there are self-service facilities to borrow, return, renew or reserve an item. Our print and digital resources include books, journals, and databases, some of which are available online 24 hours a day via our web-based catalogue. We also have self-service laptop loan lockers that allow you to borrow one to take to lectures, or even a nearby café or your favourite study spot.

Our academic liaison librarians are available to guide and advise you so that you become confident and skilled when using a broad range of library resources. The academic liaison librarians can help with search strategies and provide advice on the most appropriate e-resources to use. You can also make an appointment to see your librarian for advice.

Our library service is a member of the Society of College, National and University Libraries (SCONUL Access). This gives you the opportunity to access many other university libraries that also belong to the scheme.

# Student support

To help you get the most out of your university experience, you'll have access to outstanding support from our student services team. We also run workshops and events on areas such as mental and physical health and wellbeing, money matters and study strategies.

## **School offices**

When you start your journey at London Met, the school office is your first point of contact for any query you may have in person or online. Here you will be provided with course-related administrative support to enhance your student experience.

You can talk to trained and knowledgeable staff about a range of enquiries, such as: enrolment and the academic cycle, your learning programme (including timetabling, module selections and results), ID cards and accessing university services, and obtaining transcript and university letters. Find out more at [student.londonmet.ac.uk/school-offices](https://student.londonmet.ac.uk/school-offices)

## **Student support**

If you need extra support or information in other areas, our Student Services team can help.

## **Money and accommodation**

Our Student Money and Accommodation Advice Service provides information, advice and guidance on all aspects of student funding as well as accommodation advice to help you find somewhere to live that's comfortable and affordable.

We can advise on finding accommodation in London and have a wealth of advice on our accommodation web pages:

[londonmet.ac.uk/accommodation](https://londonmet.ac.uk/accommodation)

For full detailed information on funding and accommodation advice, and how to contact the team please visit

[londonmet.ac.uk/funding](https://londonmet.ac.uk/funding)

### **Counselling**

Our professional counsellors offer confidential counselling to help you with everything from relationship issues to family concerns. You can also meet with a counsellor to help maximise your potential, both personally and academically. We run workshops on topics including mindfulness, motivation and meditation.

[londonmet.ac.uk/counselling](https://londonmet.ac.uk/counselling)

### **Students with additional needs**

Our Disabilities and Dyslexia Service (DDS) offers support to students with disabilities or Specific Learning Difficulties (SpLDs), physical or sensory disabilities and long-term medical conditions including mental health challenges. We can offer advice on reasonable adjustments in line with the Equality Act (2010), guidance on available funding such as the Disabled Students' Allowance (DSA) and are also on hand to talk through any concerns you may have.

[londonmet.ac.uk/disabilities](https://londonmet.ac.uk/disabilities)

**“I was offered extensions when required, I was provided with a laptop and supportive pen grips as my fingers hurt when typing. I had an operation in my third year, and had a particularly difficult time where treatment fell mid-exam, and I had to attend an exam with a cannula in my arm. The University was extremely helpful.”**

**Bianca Tharme-Loose** – Dietetics and Nutrition BSc graduate, now a renal specialist dietitian. Bianca has EDS (Ehlers-Danlos syndrome).

As well as providing the best possible university education, we'll give you plenty of opportunities to enhance your job prospects at the same time.

## Earn while you learn

We can help you find paid roles that will look fantastic on your CV. Our very own in-house temping agency, Met Temps, can help you find a job on campus. You can also become a student ambassador, success coach or social media ambassador, all of which are paid roles and a great way to help you to develop the skills employers are looking for (and earn a bit of extra cash while you study).

## Gain experience through volunteering

At London Met you can get involved in our vibrant volunteering programme and gain experience with community-based organisations. Volunteering is a great way to get work experience, develop job skills and give your CV a significant boost.

## Get expert career advice

Whether you know exactly what you want to do when you finish the course or aren't quite sure what direction to take next, our Careers and Employability Service can talk you through your options. We'll be here to help you stand out in the competitive job market, land a new role or receive that well-deserved promotion.

## Join our alumni network

When you graduate, you'll become a member of our global alumni community, offering an ideal way to stay in touch with your former classmates and lecturers, and also network with fellow graduates who go on to become leaders in their fields across the world. Alumni benefits also include access to our libraries, gym and careers service for a number of years after graduation.

## One-to-one advice

You will have access to personalised advice from our supportive careers consultants. We can help you with your CV, further study, your job search, interview skills and completing an application form. We can also help you highlight transferrable skills that employers are looking for such as critical thinking, problem solving, time management, attention to detail and teamwork.

## Career workshops

Our career workshops are designed to help you succeed in the graduate job market. You can choose from a range of workshops on topics including job search, networking, creating and customising a CV, using LinkedIn, completing applications and interview techniques.

## Employer events

We provide opportunities for you to meet employers by organising employer presentations, fairs and careers conferences.

## London Met mentoring

Our mentoring scheme gives you an opportunity to be put in touch with a career mentor from your chosen employment sector. Mentors come from a range of subject disciplines and will have professional experience in their sector.

**“The careers service was excellent, not only in supporting me at the beginning of my career but also in developing the job search skills that I still use today.”**

**Fabio Massaro** – Marketing graduate

Interested in being your own boss or getting your business idea off the ground?

**Accelerator** is our business incubator that helps students who are interested in freelancing, self-employment or starting a business at or after university.

---

Being your own boss can be hugely rewarding and is a great way to take control of your future and do something you love – all in a really supportive environment. Based off-campus in London's Tech City in Shoreditch, **Accelerator** is a thriving entrepreneurial community and is home to 30 innovative early-stage start-ups.

Accelerator provides all the advice, support, networks, knowledge and resources you need to get started. It runs a number of initiatives to help you with a start-up venture idea.

Events and activities include:

- a pitching competition for seed funding to grow and launch your idea
- opportunities to sell your designs and products at a busy London market
- summer start-up programmes to give you the skills to turn your idea into a reality
- expert support for practicing or aspiring freelancers

A diverse range of businesses have grown with support from Accelerator, including:

- **Arctic Power Berries**, natural powdered berries from Finland
- **Dottore London**, a medical clinic for Italians living in London
- **Mumbli**, a revolutionary hearing wellness app

[londonmet.ac.uk/accelerator](https://londonmet.ac.uk/accelerator)

**“The Student Enterprise programme has been SO helpful for us. When you're starting out you have so many questions, so it's a big help to have experienced advisers to talk to. The opportunity to work from Accelerator was invaluable – working alongside other start-ups and entrepreneurs is really motivating!”**

Anna and Evellina set up **Arctic Power Berries** – a gluten-free berry powder that's transforming smoothies, yoghurts and bowls of cereal everywhere. It's proving so popular it's now sold by retailers including Harrods, Ocado, Amazon and Whole Foods!

Joining a society, taking up a new sport or getting involved in a campaign is a great way to learn different skills, become part of university life and, of course, make new friends.

# Student

# life

Once you've enrolled, you become a member of the **Students' Union (SU)**. The SU is here to support, represent and enrich the lives of our students, and can lobby the University and government to improve opportunities for all students. [londonmetsu.org.uk](http://londonmetsu.org.uk)

**Get involved with our student media.** The SU has its very own radio, TV and magazine outlets – Verve Media. You could volunteer as a journalist, graphic designer, DJ, researcher and more. You can also tune in online: [verve-lmsu.com](http://verve-lmsu.com)

**Join a student society** – Whether your interests lie in politics, fashion, theatre, human rights, life drawing or something else entirely, there are many societies to choose from. [londonmetsu.org.uk](http://londonmetsu.org.uk)

**Take up a sport** – It's a great way to get fit, have fun and meet new people. Basketball, cheerleading, futsal, football and volleyball are just a few on offer, as well as yoga and pilates classes. Some of our teams also represent us in the British Universities and Colleges Sport (BUCS) championships and the London Universities Sport Leagues (LUSL). [londonmet.ac.uk/sport](http://londonmet.ac.uk/sport)

# Fees

## and funding

Studying a degree at London Met is an investment in your future. According to the Office for National Statistics, graduates earn significantly more than non-graduates, so investing in a degree now can pay off later.

### **How much will my course cost if I start in September 2024 or January 2025?**

Tuition fees are regulated by the UK government. At the time of publication tuition fees for 2024-25 have not yet been confirmed. Fees for each of our courses are published on our online course pages when they're available. This includes fees for international students. Fees are reviewed annually and are likely to change to take into account inflationary increases. You can also find the most up-to-date fees information at:

**[londonmet.ac.uk/fees](https://londonmet.ac.uk/fees)**

Please check our course web pages for fees before applying to the University.

**[londonmet.ac.uk/courses](https://londonmet.ac.uk/courses)**

### **What funding is available?**

At the time of publication funding arrangements for students starting in 2024-25 have not been confirmed. If you're a UK student or an EU student who is settled in the UK, you may be able to borrow money to help cover your fees and get help with living costs. If you're eligible for a tuition fee loan, you usually don't need to pay back your loan until you have completed your course and are earning £27,295 or more per year. There are also other sources of funding to help you pay your living costs (these are usually means-tested). For the latest information on tuition fee loans and maintenance loans, please check the government's Student Finance website.

**[gov.uk/student-finance](https://gov.uk/student-finance)**

### **Can I get a scholarship?**

Any scholarships we offer can be found on our website.

**[londonmet.ac.uk/scholarships](https://londonmet.ac.uk/scholarships)**

You can find more information about fees and funding on our website:

**[londonmet.ac.uk/funding](https://londonmet.ac.uk/funding)**

Applying to us is easy. Simply choose a course, check the entry requirements and follow the relevant instructions below. How you apply depends on the course, whether you're planning to start in September or January, and whether you'd like to study full-time or part-time.

## How to apply

### Degrees starting in September

If you're from the UK and want to study full-time starting in September, you'll need to apply via the University and Colleges Admissions Service (UCAS). The UCAS code for your chosen course can be found in the fees and key information section on the relevant course page on our website. You'll also need our university UCAS code, which is L68.

### Degrees starting in January

Many of our courses give you the option to start in January rather than September – check the online course page for details. To start a degree in January, you can apply directly to London Met on our website or make an application through UCAS (see above).

### Part-time courses

If you wish to study part-time (starting in either September or January), you can apply directly to London Met on our website. If you require a Student visa you won't be able to study on a part-time basis.

### International students

Overseas applicants applying to study full-time may choose to apply via UCAS or apply directly to the University.

## What you'll need to complete your application

When completing the application form, you'll need to have the following information at the ready:

- Your home address
- Your qualifications (including dates achieved, name and subject of qualification and overall grades)
- Your employment history
- GCSE English and Maths (if applicable) qualifications (or equivalent)
- Contact details for two referees, preferably email addresses

### Required documentation

When you're completing your application, you'll be given the option to upload copies of your qualifications, a CV and any other relevant documents.

### Documents in a foreign language

If your qualifications aren't in English, you may need to supply a certified translation of your documents. For advice on translation services please contact your embassy.

## When to apply

Places on our courses are offered on a first-come, first-served basis. If you're applying for a full-time undergraduate degree starting in September, you should ideally apply through UCAS before the January deadline. It is still possible to apply through UCAS up until 30 June, but apply early to secure your place.

International student application deadlines can be found on our website:

[londonmet.ac.uk/international](https://londonmet.ac.uk/international)

### Applying after 30 June

If you're applying for a full-time degree starting in September after 30 June, you can apply directly to London Met through our Clearing process. Details of how to apply via Clearing are available on our website in the summer.

[londonmet.ac.uk/clearing](https://londonmet.ac.uk/clearing)

## Entry requirements

You'll find entry requirements for your course on our online course pages. For most courses you'll need to hold a Level 3 qualification, meaning you'll need to have at least one of these combinations of qualifications (or equivalent):

- Two GCE A level or Vocational A level passes
- Three GCE A level or Vocational A level passes
- Five passes in the Scottish Qualifications Certificate, of which two are at Higher grade, or passes in four subjects, all of which are at Higher grade
- A pass in an Access course recognised by the Quality Assurance Agency for Higher Education (QAA) and designed to provide preparation for higher education
- A pass in a foundation course in art and design validated by Edexcel
- The award of the Diploma of the International Baccalaureate
- A pass of 60% in the European Baccalaureate
- The Irish Leaving Certificate with passes at grade C or above in five subjects
- The award of an Edexcel QCF Diploma or Certificate

Visit the relevant online course page for specific subjects or grades you might need. In some cases other qualifications certified by the admissions tutor as being of equivalent standard will also be accepted.

### GCSE requirements

In addition to the requirements listed opposite, we normally require three passes at GCSE (or equivalent) at grade C/4 or above, including English Language and, where required, Maths.

### English language requirements

To study at London Met you must be able to demonstrate proficiency in the English language. You'll need to have at least one of the following:

- A pass in GCSE English Language at grade C/4 or above
- Level 2/3 communications key skills
- IELTS test at band 6.0 or above with a minimum score of 5.5 in each component
- Academic Pearsons Test of English (PTE Academic) with a minimum score of 59
- A pass in the University's English test
- An equivalent qualification as judged by the authorised admitting officer in accordance with the advice of the University's international advisers

Please note that some courses have higher English language requirements – please check each course page for more details: [londonmet.ac.uk/courses](https://londonmet.ac.uk/courses)

### If you can't meet the entry requirements

If you have relevant professional qualifications or extensive professional experience you may be able to gain entry to your chosen course based on the skills and knowledge you've acquired prior to studying. Applicants with these types of qualifications or experience will usually be considered on a case-by-case basis.

## Tracking your application...

### ...When applying direct

If you've applied direct you can track your direct application on our applicant portal. Details of this will be sent to you once we've received your application. We aim to make a decision within two to three working weeks of receipt of your application, although processing times may vary slightly depending on the time of year.

### ...When applying through UCAS

If you've applied through UCAS, you can track your application and reply to offers by signing into your UCAS Hub. We'll email you to notify you of our decision. For courses that require an interview, application decisions may take a little longer, as will those for students seeking direct entry to the second or third year of an undergraduate course.

## Help and advice

If you have any questions about applying to London Met, call, email or chat online with us and we'll be happy to help.

+44 (0)20 7133 4200

[courseenquiries@londonmet.ac.uk](mailto:courseenquiries@londonmet.ac.uk)

[londonmet.ac.uk/contact](https://londonmet.ac.uk/contact)

### If you've had an offer to study with us...

...You'll be invited to our applicant open events. These fun and informative events are designed to help you get to know your lecturers, provide a taste of what your course will be like and give you a chance to see what's going on around campus.

## Disclaimer

This edition of the undergraduate course guide describes the facilities and courses that the University intends to offer during the 2024–25 academic year (that is, commencing in autumn 2024). Every effort has been made to ensure that the information contained in this guide is helpful, fair and accurate at the time of printing. However, this information is subject to change over time.

The University will take reasonable steps to provide the courses and services as described, however, the University cannot guarantee the provision of any course or facility. Some circumstances, such as staff changes, resource limitations and factors over which the University has no control, such as a change in the law or the level of demand for a particular programme or module (please note that this list is non-exhaustive), may result in the University having to withdraw or change aspects of the programmes, modules and/or student services detailed in the guide. This could include, but not necessarily be limited to, programme/module content, staffing, the location where the programme/module is taught or the manner of teaching delivery, or the facilities provided to deliver or support the programme. Where circumstances demand an unavoidable change or where it is necessary for the University to discontinue a programme of study, the University will take reasonable steps to minimise the effect and all proposed changes will be notified promptly to potential applicants who have registered an interest in the relevant programme as well as being reflected on the course pages on the University's website ([londonmet.ac.uk/courses](https://londonmet.ac.uk/courses)). It is important that you check our website for the most up-to-date information. In addition, any changes between the guide and the proposed course and services will be notified to applicants at the time of making an offer.

If you have any particular concerns regarding any proposed changes, you must make the University aware of these as soon as possible. Should you become a student at the University the teaching,

assessment and other educational services will be described in the relevant course handbook and University regulations. Registration at the University and enrolment on a course will be subject to you complying with the University's registration procedure and your acceptance of the conditions of enrolment and the University's regulations (copies of which can be found at [londonmet.ac.uk/regulations](https://londonmet.ac.uk/regulations)).

When you enrol you are personally liable to pay your tuition and other fees in line with the University's Fees Regulations (visit [londonmet.ac.uk/regulations](https://londonmet.ac.uk/regulations)). If you have outstanding University debts, you will not be permitted to re-enrol at the University in future years and if you are in your final year of study and any part of your tuition fees is outstanding your award may be withheld and you will not be permitted to attend a graduation ceremony.

Tuition fees are regulated by the UK government. At the time of publication, tuition fees for 2024–25 have not yet been confirmed. Fees for each of our courses are published on our online course pages when they're available. This includes fees for international students. Fees are reviewed annually and are likely to change to take into account inflationary increases. You can also find the most up-to-date fees information at: [londonmet.ac.uk/fees](https://londonmet.ac.uk/fees). Please check our course web pages for fees before applying.

London Metropolitan University processes personal data belonging to its applicants, students and others and complies at all times with the UK General Data Protection Regulation and Data Protection Act 2018. The University's Data Protection Policy and Student Privacy Notice are available at [londonmet.ac.uk/data-protection](https://londonmet.ac.uk/data-protection). We have an equal opportunities policy and if you would like a copy, please ask us.

The University is a company limited by guarantee, registered in England, number 974438. Registered office: 166–220 Holloway Road, London N7 8DB.
